

Safety Data Sheet

According to 1907/2006/EC, article 31

Revision: 04.11.2014

Page 1/2

1 – Identification of the substance/preparation/article and the company/undertaking

1.1. Identification: **Premseal SB(G)V 20, 21, 25, 50 & DBV40**
1.2. Use: Compression sealants
1.3. Company identification: PREMIER SEALANT SYSTEMS LTD
Units E1 & E2,
Mercia Way
Foxhills Ind Park
Scunthorpe, DN15 8RE
UK
Phone : 01724 864100
e-mail of the competent person : sales@premseal.co.uk

2 – Hazards identification

Classification (1999/45/EC) : These articles are not classified as hazardous. Skin
contact hazard : None to our knowledge.
Inhalation hazard : None to our knowledge.
Ingestion hazard : Please consult a doctor and show him this SDS.
Environmental hazard : None to our knowledge.

3 - Composition/information on ingredients

3.1. Description: Plasticised polyvinyl Chloride (PVC) foam coated with a pressure sensitive acrylic adhesive. Wound into rolls with either a paper or a filmic interleaving.

4 – First aid measures

After inhalation : Remove to fresh air. Get medical attention if any discomfort continues. After
skin contact : Wash with soap and water.
After eye contact : Flush with plenty of water for several minutes. Remove any contact lenses and
open eyes wide apart. Get medical attention if any discomfort continues.
After ingestion: No known toxicity. Please consult a doctor and show him this SDS.

5 – Fire-fighting measures

Suitable extinguishing media : No restriction. For
safety reason unsuitable
extinguishing media : None known.
Special exposure hazard : If set on fire, the product may evolve fumes, which contain carbon
monoxide, carbon dioxide and hydrogen chloride.
Protective equipment for fire-fighters : Autonomous insulating respirators needed

6 – Accidental release measures

Personal precautions : Slipping risk when siliconised interleaving of the product is left on the ground
Environmental precautions : Nothing specific to our knowledge. Methods
for cleaning up : Take up mechanically

7 – Handling and storage

7.1. Handling : No special requirements
7.2. Storage : When stored between +10°C and +25°C , in its original packaging, this product
can be used within 12 months from date of manufacturing.
These articles must be protected from moisture, dust, direct sunlight and solvent
vapours
7.3. Specific use : None

8 – Exposure controls / Personal protection

8.1. Exposure limit values : Not applicable according to 1907/2006/EC as no substance is reported in the
heading 3 of this SDS.
8.2. Exposure controls : No special measures required

9 – Physical and chemical properties

Appearance / Colour :	Foam is of different color depending on product code (grey, black, white and green). Paper or filmic interleaving. Supplied in roll form.
Odour :	Slight noticeable odour.
pH :	Not applicable.
Flash point :	Not available.
Flammability :	Not applicable.
Boiling point/boiling range :	Not applicable.
Melting point	Not applicable.
Explosive properties :	Not applicable
Oxidising properties :	Not applicable
Vapour pressure :	Not applicable.
Foam density :	Foam density depends on product code.
Solubility :	Swells in solvents.
Water solubility :	Insoluble.
Partition coefficient(n-octanol/water) :	Not available.
Viscosity :	Not applicable.
Vapour density :	Not applicable.
Evaporation rate :	Not applicable.

10 – Stability and reactivity

10.1. Conditions to avoid :	Nothing specific to our knowledge.
10.2. Materials to avoid :	Nothing specific to our knowledge.
10.3. Hazardous decomposition	No hazardous reaction observed. products

11 – Toxicological information

Eyes :	No known toxic hazards.
Skin :	No known toxic hazards.
Inhalation :	Not established. Ingestion :
Not established.	

12 – Ecological information

12.1. Ecotoxicity :	Not established.
12.2. Mobility :	Solid product therefore not applicable.
13.3. Persistence and degradability :	Not readily biodegradable.
12.4. Bioaccumulative potential :	Not established.
12.5. Results of PBT assessment :	Not established.

13 – Disposal considerations

Waste disposal :	Waste disposal should be in accordance with existing community national and local regulations. Packaging material should be treated as household waste or as recycling material. Incinerate only in purpose built incinerators with fume scrubber for hydrogen chloride gas.
------------------	---

14 – Transport information

No known regulations whatever the method of transport used

15 – Regulatory Information

These articles are not classified as dangerous

16 – Other information

Date of issue : 03.11.2014

Previous issue : 05.2007

The data given here is based on current knowledge and experience. It should not be considered as guaranteeing specific properties. The users should be aware that there may be risks involved if the product is used for applications other than those specified. It does not dispense the users from knowing and applying regulations specific to their activity. Precautions connected to the product are under the responsibility of the user. This information should not be considered as exhaustive. It does not waive compliance to any other regulation concerning storage and use of the product for which the user is responsible.
