

# Material Safety Datasheet:

## PVC Foams single-sided coated

---

### 1 – Identification of the article and the company

---

1.1. Identification:	SBV20, SBV25, SBV50, SGV25, SGV50, SWV20 PVC Foam Sealant Tapes
1.2. Use	Compression sealant
1.3. Company identification	Premier Sealant Systems Ltd. E1 & E2, Mercia Way, Foxhills Industrial Park Scunthorpe, DN15 8RE, UK Phone : +44 1724 864100 e-mail of the competent person : <a href="mailto:sales@premseal.co.uk">sales@premseal.co.uk</a>
1.4. Emergency telephone	+44 1724 864100 – available during office hours only.

---

### 2 – Hazards identification

---

Classification (1 999/45/EC):	This article is not classified as hazardous.
Skin contact hazard:	None to our knowledge.
Inhalation hazard:	None to our knowledge.
Ingestion hazard:	Please consult a doctor and show him this SDS.
Environmental hazard:	None specific to our knowledge.

---

### 3 - Composition/information on ingredients

---

3.1 Description	These products are plasticised Polyvinyl Chloride (PVC) foam coated with an acrylic pressure sensitive adhesive, wound into rolls with a paper interleaving.
-----------------	--

---

### 4 – First aid measures

---

After inhalation:	Remove to fresh air. Get medical attention if any discomfort continues.
After skin contact:	Wash with soap and water.
After eye contact:	Flush with plenty of water for several minutes. Remove any contact lenses and open eyes wide apart. Get medical attention if any d discomfort continues.
After ingestion:	No known toxicity. Please consult a doctor and show him this SDS.

---

### 5 – Fire-fighting measures

---

Suitable extinguishing media:	No restriction.
Unsuitable Extinguishing media:	None known.
Special exposure hazard:	None.
Protective equipment for fire-fighters:	No special equipment required.

---

### 6 – Accidental release measures

---

Personal precautions:	Slipping risk when siliconised interleaving of the product is left on the ground.
Environmental precautions:	Nothing specific to our knowledge.
Methods for cleaning up:	Take up mechanically

---

## 7 – Handling and storage

---

7.1. Handling :	No special requirements
7.2. Storage :	When stored between +10°C and +25°C , in its original packaging, this Product can be used within 12 months from date of manufacture.  This article must be protected from moisture, dust, direct sunlight and solvent vapors.
7.3. Specific use :	None

---

## 8 – Exposure controls / Personal protection

---

8.1. Exposure limit values :	Not applicable according to 1 907/2006/EC as no substance is reported in heading 3 of this SDS.
8.2. Exposure controls :	No special measures required

---

## 9 – Physical and chemical properties

---

Appearance / Colour :	Black, grey or white foam tape with white release paper in roll form
Odour:	Slight noticeable odour.
pH:	Not applicable.
Flash point:	Not available.
Flammability:	Not applicable.
Boiling point/boiling range:	Not applicable.
Melting point	Not applicable.
Explosive properties :	Not applicable
Oxidising properties :	Not applicable
Vapour pressure:	Not applicable.
Solubility:	Swells in solvents.
Water solubility:	Insoluble.
Partition coefficient (n-octanol/water):	Not available.
Viscosity:	Not applicable.
Vapour density:	Not applicable.
Evaporation rate:	Not applicable.

---

## 10 – Stability and reactivity

---

10.1. Conditions to avoid:	Nothing specific to our knowledge.
10.2. Materials to avoid:	Nothing specific to our knowledge.
10.3. Hazardous decomposition	No hazardous products or reactions observed.

---

## 11 – Toxicological information

---

Eyes:	No known toxic hazards.
Skin:	No known toxic hazards.
Inhalation:	Not established.
Ingestion:	Not established.

---

## 12 – Ecological information

---

12.1. Eco toxicity:	Not established.
12.2. Mobility:	Solid product therefore not applicable.
12.3. Persistence and degradability:	Not readily biodegradable.
12.4. Bio accumulative potential:	Not established.
12.5. Results of PBT assessment:	Not established.

---

### **13 – Disposal considerations**

Waste disposal: Waste disposal should be in accordance with existing community national and local regulations. Packaging material should be treated as household waste or as recycling material.

---

### **14 – Transport information**

No known regulations whatever the method of transport used

---

### **15 – Regulatory Information**

This article is not classified as dangerous

---

### **16 – Other information**

**Date of issue** : 15 March 2017

---

**Previous issue** : NA

---

The data given here is based on current knowledge and experience. It should not be considered as guaranteeing specific properties. The users should be aware that there may be risks involved if the product is used for applications other than those specified. It does not dispense the users from knowing and applying regulations specific to their activity. Precautions connected to the product are under the responsibility of the user. This information should not be considered as exhaustive. It does not waive compliance to any other regulation concerning storage and use of the product for which the user is responsible.
