

Essential Breather Membrane

Product Description

Essential Breather Membrane is an entry-grade, versatile, dual approved and ultra-low cost breather membrane for use in pitched cold and warm roofs, and insulated wall applications. The material meets EN 13859-1 for pitched roofing and EN 13859-2 for walls. The product has good water resistance, high breathability, and is lightweight and easy to handle. Essential Breather Membrane is coloured grey on one side and white on the other, but with no text or images on either side, except a 150mm overlap line.

Features

- Good tensile and nail tear strength
- Install as per BS 5534: 2014+A2: 2018 UV guidance
- CE compliant to EN 13859-1 (roofs) and EN 13859-2 (walls)
- Recyclable and ecologically harmless
- Low cost entry-grade roof breather
- Waterproofing membrane
- Highly vapour permeable
- Single product for all roofs and walls
- 3-layer laminate with microporous core

Roll Detail	
Standard Width	1.5m
Roll Length	50m
Roll Weight	7.1kg
Packing	60 Rolls per pallet

Please note: The above technical information is given as a guide and is based on recent test data obtained under laboratory conditions. Materials should be fully tested by the end user to establish suitability of the product for the intended application. October 2014
